PROJECTS & EXPERIENCE:

Kids Learning App (React Native, Node.js)

- Developed a mobile learning application with interactive user interface
- Implemented frontend components using React Native
- Focused on user experience and navigation design

Real Estate Landing Page (HTML, CSS, JavaScript)

- Built a responsive web application for property listings
- Implemented interactive UI elements using JavaScript
- Designed mobile-friendly layout for multiple devices

Academic Projects

- Developed web and database applications using object-oriented programming principles
- Designed relational databases and implemented CRUD operations using SQL
- Applied software development lifecycle principles in project development

Real Estate Listing Web Application (HTML, CSS, JavaScript)

- Built a responsive web application for property listings
- Implemented interactive UI elements using JavaScript
- Designed mobile-friendly layout for multiple devices

TECHNICAL SKILLS

- Programming Languages:** Java, Python, C#, JavaScript, C++
- Web Development:** HTML, CSS, JavaScript
- Databases:** SQL, PostgreSQL
- Mobile Development:** Android (Java), Kotlin, React Native
- Tools & IDEs:** Git, GitHub, Visual Studio Code, Android Studio, NetBeans, Linux (Ubuntu)
- Core Concepts:** Object-Oriented Programming, Software Development Life Cycle (SDLC), Debugging, System Design Fundamentals

CORE STRENGTHS

- Problem-solving and analytical thinking
- Software development and debugging
- Quick learner and adaptable
- Team collaboration and communication
- Ability to build functional applications from requirements
